Location: _____ Part No. Ordered: _____

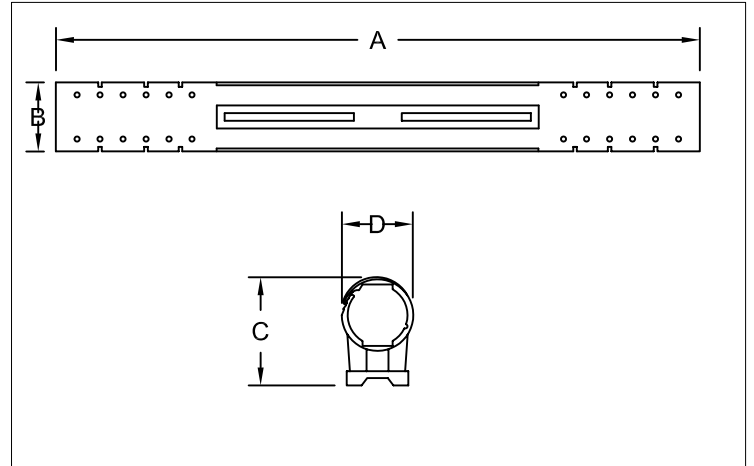

Engineer: _____ Date Submitted: _____

Contractor: _____ Submitted By: _____

Mfg Rep: _____ Approved By: _____

TECHNICAL DATA

Material (Bracket) 0.60 G90 Galvanized Steel
Material (Clip) Molded Plastic

PRODUCT INFORMATION & APPLICATION USE

The Wirsbo Manifold Mounting Bracket is used to aid the install of the Wirsbo Brass Manifold in hydronic heating applications. There are 2 brackets, 4 clips and 4 screws included. Additional clips are available if required.

Warranty: 5 years - Refer to warranty document for details.

DESCRIPTION	PART NUMBER	A	B	C	D	E	WEIGHT
Manifold Mounting Bracket	A2071500	20"	2"	N/A	N/A	N/A	1.70 lbs
Replacement Manifold Bracket Clip	A2071501	N/A	N/A	2.5"	2"	N/A	0.20 lbs

INSTALLATION

- Attach the clip to the bracket. Place clip horizontally or vertically onto slotted alignment boss.
- Screw the self-tapping screws into the manifold clip. Do not tighten the clip down completely until the proper spacing is determined.
- Install the clip so that the teeth are on the lower part of the clip.
- The manifold bracket is equipped with bending guides to allow the bracket to bend around the outside of 16" stud walls.
- Bend the bracket at the notches to off-set the manifolds to allow tubing to run behind either the supply or return manifold.
- For additional information, refer to the Wirsbo Radiant Floor Installation Handbook.
