

Uponor

Commercial Engineered Polymer (EP) Multi-ports

Header termination and water distribution to lavatories with one fitting.
That's Uponor Logic at work.

Design with Confidence

- Up to 60% fewer connections and 78% less combined length
- Fewer connections mean reduced liability, faster installs and increased profits
- ProPEX® ASTM F1960 expansion fittings offer larger ID for increased flow compared to F2159 insert fittings
- Visual, manufactured connection; no dry-fitting
- Increased performance and efficiency: shorter consecutive-use wait time for hot water
- Parallel piping fitting solution for multi-family and hospitality applications — less than 40 feet for longest run
